Christmas Display Information Sheet

What is it?

Our annual festive display gives every child in the club the chance to be part of a fun group performance with their classmates. All children attending any recreational, intermediate, development groups and squads are eligible to take part, irrespective of their age, level and how long they have been attending classes. Stepping Stones/pre-school children aren't able to take part until they are older and move up to a recreational class.

Each group will perform a display using apparatus and music which will be choreographed by their coaches in their regular sessions – prizes for best performance and best dressed! It will be helpful for preparations if your child could attend their session regularly in the weeks running up to the performance.

Children taking part in the display will remain on the floor for the full duration of the display and will participate in the closing performance therefore leaving early will not be possible.

When is it?

This year, the displays will be on the weekend of Saturday 12th (afternoon/evening) and Sunday 13th December (afternoon).

Each recreational and intermediate group will only perform once across the two days and this has been allocated as follows;

Monday, Tuesday and Wednesday classes will do the Sunday performance (apx 1-3).

Thursday, Friday and Saturday classes will do the Saturday performance (apx 4 – 6pm).
